

PUBLIC NOTICE – March 16, 2020

Due to the COVID-19 Pandemic and as a precautionary measure the Village Office will be closed until further notice, however our staff will continue operations during this closure.

The health of our staff and residents is of utmost priority as we work to limit the spread of COVID-19. Our goal is to exercise an abundance of caution; not to cause public concern but to ensure staff avoids the public that may be sick or potentially be carrying the COVID-19 virus. As we are a small municipality, we need to ensure that our staff can continue to provide essential services and activate the EOC (Emergency Operations Centre) if it becomes necessary. During this closure, our office will be available by phone 780-924-3181, email aboffice@albertabeach.com, fax 780-924-3313 or possibly by appointment. If you require further information, please call 780-924-3181.

To help prevent the spread of COVID-19, Alberta has implemented new public health restrictions.

Alberta Beach has committed to keep our residents informed of all current government links for the most updated information pertaining to the COVID-19 Pandemic.

We encourage residents and staff to keep themselves informed by using government sources for information such as:

- [COVID-19 information from Alberta Health Services](#) about preventing the illness, what to do if you experience symptoms, information for travellers and more.
- Government of Alberta
<https://www.alberta.ca/coronavirus-info-for-albertans.aspx#p22780s6>
- [Government of Canada travel advisories](#) and the [Public Health Agency of Canada's travel health advisories](#) for information about possible risks.
- [Health Link 811](#)

We will continue to closely monitor the situation and take additional steps as necessary. We will be updating this content as we receive new or additional information, please check back often.

Please Note: as per the Alberta Health Services Website, all travelers returning from outside Canada should self-isolate for 14 days and monitor for symptoms. If symptoms develop (cough, fever, fatigue or difficulty breathing), stay home and call Health Link 811 for testing.

We encourage all our residents, family and friends to take the necessary precautions to ensure the protection of your health, safety and wellbeing at this time.

Thank you in advance for your cooperation!
